### **DETAILED ACTION**

1. Newly submitted and amended claims 1-19,21-30,139,140 and 144-154 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: These claims are directed to a spa network which contains features not originally present in the spa controller system of the original invention.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-19,21-30, 139,140 and 144-154 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Only claims indicated as allowable remain in this case. In order to proceed with allowance of this case, applicant must cancel outstanding claims.

### ***Allowable Subject Matter***
